ORE 19,00
SPAZIO MANZONI 16
via A.Manzoni 16, Monza

Rok Oman and Špela Videčnik, both graduates from the Ljubljana School of Architecture and London's Architectural Association, established OFIS arhitekti in 1996. The office is based in Ljubljana and Paris. Since its creation, the practice has been investigating space relations in different scales and context. Their build work is represented by various programs from public, sport, cultural and religious buildings to single and multiple housing. Most of their work is result of winning competitions, including their internationally completed construction of a student residence on Route des Petits Ponts in Paris and Football Stadium Bate Arena in Belarus.

Their academic research combines different interests and curiosities. They like to experiment with various materials, scales and typologies. They also investigate European and local Slovenian identity in contemporary architectural language, which includes traditional knowledge of vernacular buildings to revitalisations, conversions and new build in alpine area.

Through their research of Habitations in Extreme environments they build projects several alpine shelters in Slovenia and glass house in the desert in Spain. They teach, run studios and workshops in various Schools for architecture including Harvard GSD, Architectural Association (London), UCLA (LA), , University of Hong Kong, ENSA Paris Val de Seine and many more
